1. The ultimate goal of Special Education shall be the integration, mainstreaming and inclusion of Learners with Special Educational Needs (LSEnS) into the regular school system and eventually in the community thus, division ensures inclusive education for LSEnS regardless of the nature and severity of their disability and need for related services.
2. Each District in the elementary has a functional SPED Resource Center that expands its services to the whole district schools and recognizes the responsibility to provide quality basic education within the context of the formal education system practices and services to meet the needs.
